*Some students like to bring in special supplies in addition to what is on the list. (Ex. Metallic colored pencils, special drawing pencils, compasses etc.) This is fine. We do a tremendous amount of drawing and some students like to get very creative.

*Please stock up on art supplies when they are on sale during the summer. Students tend to run out and/or lose supplies throughout the year.

*It helps if students have some supplies at home for when they take work with them. It's difficult for kids to have to carry their art boxes around. It's even more difficult to remember to bring them back to school.

****PUT YOUR NAME OF EVERYTHING!!!**

***Every student must have their own supplies that stay in the art room.

***Supplies need to be brought in by the first full week of school.
