

OLV Elementary School

A Father Baker Legacy

June 18, 2026

Dear Parents, Guardians, and Students,

As we prepare for the upcoming school year, we are grateful to be part of such a wonderful school community and honored to work with our OLV Family. We are blessed to have many types of technology available to our students, and we continue to expand the tools they can use for learning. Our goal is to give students meaningful, hands-on experience with technology that will help them build knowledge, strengthen critical thinking skills, and prepare for success in high school and beyond.

For the new school year, students will need the following supplies for our hands-on technology activities. Please have these items ready when school begins in September.

Pre-K - 2nd Grade: Students need only headphones and a #2 pencil. Wired headphones are preferred. Students may continue using headphones from previous years. These items will be kept in their homerooms and used as needed. Students may also bring a ½" 3-ring binder if they would like to store copies of their work throughout the year.

3rd Grade – 8th Grade: Students need headphones or earbuds, a 1" 3-ring binder for technology projects, and a #2 pencil. They may continue using the same headphones or earbuds from last year.

Please remember that all students should bring their #2 pencil to each technology class.

I hope everyone has a wonderful summer, and I look forward to working with all of our students in the coming year. With your support, we will have another great school year.

Please feel free to contact me with any questions at jpatti@olvbasilica.org.

Thank you for your support,

Mr. Joseph Patti

Technology Teacher
