

Technology

Grading/Behavior Policy

For In school and Virtual Learning

Grading

Technology is based on project learning. Homework will be given out as needed, and used to support the concepts being presented in class.

Projects – 50%

Class participation and Teamwork – 20%

Homework – 10%

Tests and Quizzes – 20%

General information

All classwork and homework is to be completed neatly, legibly, and on time. We will be using Technology to notify students about all of their assignments, which will be communicated through Google Classroom. Also, we have added in the Kami extension, which will allow for full annotation, so students can markup, edit and submit all assignments electronically.

In the event of an excused absence, the student will have one day for each day of absence to hand in missing work. Any late homework and assignments will require a parent's signature before a grade will be submitted. This will be strictly adhered to.

Students should always work conscientiously, and focus on their work, and all assignments must be fully completed.

All work is each student's responsibility. **Whether in school or Virtual, Students are required to complete all assignments. All Homework and assignments will be posted in Google Classroom.** If you do not understand the requirements of an assignment, please contact me to discuss any questions you may have about the assignments.

All work should include the student's name and a heading. **All computer files need to be submitted with the project title, your name, and the date.**

When required, always show work where possible.

When writing an answer, echo back the questions where possible, use correct spelling and punctuation, and use a complete sentence.

Homework and Projects

Homework and projects will be graded based on completed assignments turned in on or before the due date. The date and time are automatically included when submitting any assignment into Google Classroom. Any corrections that the student makes after grading, where possible, will result in earning back the full grade, as long as the corrections are made within 2 days of the returned grade. **Any late assignments will lose 5 points per day late, up to 3 school days. After 3 days, a grade of 0% will be issued for the assignment.**

Behavior Plan

We all strive to have success in all we do. **Communication is the key. Whether in class, or virtually, students are expected to pay attention, and participate fully.** If a student misbehaves, a verbal reminder will be given to help the student get back on track. If they continue to misbehave, then a verbal warning will be given to them, again to help them to move to an appropriate behavior. If they have a third instance, then a 1st referral will be started, with parental notification. Positive behavior will be rewarded periodically in the class with award certificates, and occasional raffles, as long as permitted within the Covid Virus guidelines.
